

We Invite You

... to add your influence

to the swelling tide of responsible Americans who have dedicated themselves to the proposition that "this nation under God shall not perish from the earth."

In his State of the Union message, President Kennedy said, "It is most urgent that the American educational system tackle in earnest the task of teaching the American youth to confront the reality of totalitarianism in its toughest, most militant form, which is Communism, with the facts and values of our American heritage . . . We shall have to test anew whether a nation organized as ours can endure. The outcome is by no means certain . . . the tide is unfavorable."

Billy Graham, gripped by the gravity of events, said in his Los Angeles Crusade, "America is getting ripe for a dictator. Big government invades almost every area of our lives. Freedom as our Fathers knew it is disappearing. Whether it will be right-wing or left-wing dictator it is impossible to know. But whichever way the nation turns, our Freedom will diminish. Our only hope is to turn to the principles our founding fathers gave us."

The world has lost its way in the darkness of blind materialism. Ours is the obligation to hold up the Light of the World, to apply eternal truths to the conscience of America, and to employ the God-given principles embodied in the Declaration of Independence and in the Constitution of the United States from which are derived our coveted political, economic, and religious freedom.

Our generation is the trustee of the Freedom of the United States of America.

We meet with you to consider our role as Christian citizens responsible to preserve our heritage of Freedom.

Can We
Keep It?

You are cordially invited to
FREEDOM DAY

TUESDAY, OCTOBER 22, 1963

at

THE KING'S COLLEGE
BRIARCLIFF MANOR, NEW YORK
Dr. Robert A. Cook, President

Now in our 25th year

DR. NICHOLAS NYARADI, Director of The School of International Studies at Bradley University, was formerly Minister of Finance in Hungary. Dr. Nyaradi holds two doctor's degrees from the Royal Hungarian University of Budapest—one in political sciences and another in jurisprudence. An attorney for many years, and also the legal advisor and executive director of one of the largest banks in Hungary, Dr. Nyaradi is now an American citizen.

Behind barbed wire, for 9½ years, **JOHN NOBLE** learned at first hand in a Soviet labor camp in Siberia, what it means to be under Communist domination. Mr. Noble is author of two books, "I Was a Slave in Russia" and "I Found God in Soviet Russia."

ROBERT C. HILL, former U. S. Ambassador to Mexico, Costa Rica and El Salvador, holder of numerous decorations from abroad, as well as five honorary degrees. Ambassador Hill brings a profound understanding of present world conditions, and keen insight into America's future.

CARLETON CAMPBELL, M.D., is Executive Director of the National Freedom Education Center, and a practicing Fellow of the American College of Surgeons. He formerly held the Chair of Surgical Anatomy in what is now the Down State Medical Center of the University of The State of New York. In 1958, his concern over the evident drift of America toward Socialism, and of the world toward the abyss of Communism, led to the formation of the National Freedom Education Center at King's.

FREEDOM DAY

October 22, 1963

PROGRAM
